Test no. 1 [answer key]

1. Przeczytaj tekst i uzupełnij go wyrazami z ramki w odpowiedniej formie:

Cats

tooth  be  poor  person  call

adapted from: http://en.wikipedia.org/wiki/Cat

The domestic cat is a small, usually furry, domesticated, and carnivorous mammal. It is often (1) called the housecat when kept as an indoor pet. Cats are valued by (2) people for companionship and their ability to hunt vermin and household pests, for example mice. Cats are similar in anatomy, with strong, flexible bodies, quick reflexes, sharp claws, and (3) teeth adapted to killing small prey.

Cats can hear sounds too faint or too high in frequency for human ears, such as those made by mice and other small game. They can see in near darkness. Like most other mammals, cats have (4) poorer color vision and a better sense of smell than humans. Despite (5) being solitary hunters, cats are a social species.

A mobile phone

A. 9 out of 10 people have mobile phones
B. How mobile phones work
C. Some features of mobiles
D. The origins

1. B A mobile phone is a device that can make and receive telephone calls over a radio link while moving around a wide geographic area. It does so by connecting to a network provided by a mobile phone operator, allowing access to the public telephone network.

2. C In addition to telephony, modern mobile phones also support a wide variety of other services such as text messaging, MMS, email, Internet access, short-range wireless communications (infrared, Bluetooth), business applications, gaming and photography. Mobile phones that offer these and more general computing capabilities are referred to as smartphones.

3. D The first hand-held mobile phone was demonstrated by John F. Mitchell and Dr Martin Cooper of Motorola in 1973, using a handset weighing around 2.2 pounds (1 kg). In 1983, the DynaTAC 8000x was the first to be commercially available.

4. A From 1990 to 2011, worldwide mobile phone subscriptions grew from 12.4 million to over 6 billion, penetrating about 87% of the global population.
